

3-fold mobile bed screen with wipe-clean PVC curtains and castors. Provides quick patient privacy in wards and clinics.

This three-fold bed screen mounts washable PVC curtains on a lightweight, corrosion-resistant frame with swivel castors, folding and repositioning quickly to create patient privacy on demand. The wipe-clean PVC panels resist moisture and withstand routine disinfection, while the folding design stores compactly against a wall when not in use. Ideal for wards, clinics and examination areas.
