

Large lockable dangerous-drugs cabinet, 460 x 310 x 610mm, in steel. Secure, compliant storage for controlled medicines.

This large dangerous-drugs (DDP) cabinet measures 460 x 310 x 610mm and is built from robust steel with a secure double-lock closure for the compliant storage of controlled and scheduled medicines. Wall-mountable for stability, the powder-coated body resists knocks and wipes clean, helping pharmacies, wards and clinics meet regulatory requirements for secure drug storage.
