

Mobile 85-litre Clini Bin with foot-pedal lid and castors. Epoxy-coated steel for hands-free, high-capacity waste collection.

This 85-litre Clini Bin offers high-capacity clinical waste containment in an epoxy-coated steel body on a mobile castor base. The foot-pedal lid enables no-touch operation for infection control, and the chip-resistant finish wipes down easily and withstands repeated disinfection. Suited to high-throughput wards, theatres and treatment rooms.
