

Dressing Trolley Large Epoxy Coated Frame With St/Steel Shelves 915 x 458mm On 75mm Swivel Castors

Large dressing trolley, epoxy frame with stainless steel shelves, 915 x 458mm, on 75mm swivel castors. Mobile treatment surface.

This large dressing trolley combines an epoxy-coated steel frame with two stainless steel shelves measuring 915 x 458mm, mounted on 75mm swivel castors for smooth, stable movement. The stainless shelves resist corrosion and clean easily for dressing changes and procedures, while the durable frame withstands daily ward use. A spacious, mobile treatment surface.
