

Dressing Trolley Large With Bucket & Bowl Rings Stainless Steel Frame & Shelves

Large stainless steel dressing trolley with bucket and bowl rings. Complete mobile dressing station, corrosion-resistant.

This large dressing trolley is built entirely in stainless steel and fitted with integrated bucket and bowl rings, creating a complete mobile dressing station for wound care and procedures. The rings hold basins and a waste bucket securely to hand, while the seamless stainless frame and shelves resist corrosion and withstand rigorous disinfection in theatres and treatment rooms.
