

Premium overbed table with smooth hydraulic height adjustment and oak-finish top. Effortless positioning and a warm, homely look.

This premium overbed table features gas-hydraulic height adjustment for effortless, single-hand positioning over the bed, topped with an attractive, wipe-clean oak-finish surface. The mobile castor base and smooth mechanism make it easy to set at the ideal height for meals and activities, combining clinical durability with a warm, homely aesthetic for private wards and care homes.
