

The Pedal Bin 20L Stainless Steel (VM-PB20LSS) is a 20-litre foot pedal operated bin in a robust medical and industrial design, manufactured from 304 grade stainless steel. It has internal dimensions of 350mm high x 260mm wide x 260mm long and external dimensions of 420mm high x 280mm wide x 270mm long. It is available with or without a carry handle, can be powder coated on request, and weighs 5kg. Available in South Africa from Vital Medical.

Material and Construction

A pedal bin is a waste bin operated by a foot pedal, so the user does not need to touch the bin by hand. The Pedal Bin 20L Stainless Steel (VM-PB20LSS) is manufactured from 304 grade stainless steel in a robust medical and industrial design. 304 grade stainless steel is an austenitic stainless steel widely used in healthcare and industry because it resists corrosion and is easy to clean. The bin weighs 5kg, and powder coating can be applied on request for buyers who need a coloured or coated finish.

Capacity, Dimensions and Configuration

The bin has a 20-litre capacity, with internal dimensions of 350mm high x 260mm wide x 260mm long. The external dimensions are 420mm high x 280mm wide x 270mm long, which is the space needed for placement in a ward, treatment room, workshop or utility area. It is available in two configurations, with or without a carry handle. The handle version suits users who need to move the bin between rooms or work areas.

Procurement and Deployment

The pedal bin’s stainless steel construction suits healthcare and industrial settings that need a durable, cleanable waste bin. Available in South Africa from Vital Medical, the Pedal Bin 20L Stainless Steel (VM-PB20LSS) suits hospitals, clinics, frail care facilities, EMS services and occupational health departments, and buyers can specify the handle option and powder coating when ordering.

TECHNICAL SPECIFICATIONS TABLE

Specification	Detail
Brand	Vital Medical
SKU	VM-PB20LSS
Type	Pedal bin
Capacity	20L
Material	304 grade stainless steel
Design	Robust medical/industrial
Internal dimensions	350mm (H) x 260mm (W) x 260mm (L)
External dimensions	420mm (H) x 280mm (W) x 270mm (L)
Weight	5kg
Handle option	With or without carry handle
Finish option	Powder coating on request
